Equal Opportunities Policy

Inspiring bright futures and minds

Equality of opportunity is concerned with justice for all, raising expectations, and enabling each individual to fulfil his or her potential. Equal opportunities is freedom from discrimination on the grounds of race, language, gender, class, lifestyle, cultural background, age, sexual orientation or disability.

AIMS

In our school we shall aim to:

- value every individual who comes through the door
- nurture a mutual respect for all and encourage a positive attitude towards all members of society
- develop in pupils and staff a commitment against racism, sexism, class distinction, ageism and discrimination on the grounds of disability or special needs
- avoid stereotyping of any kind

PUTTING OUR AIMS INTO PRACTICE

We will strive to organise our school in such a way that the learning environment upholds our belief of equal opportunity. We will try to ensure that:

- positive visual images are given for people of both sexes and ethnic groups, with or without disabilities
- Collective Worship themes, topics and displays which draw on a wide range of sources are included
- literature and multi-media which reflect the variety of people, homes and families are provided
- songs, rhymes, music and musical instruments from a wide range of cultures are experienced
- resources for imaginative play which allow children to explore a range of roles are available, including those of the other sex and cultures
- activity areas are arranged in a way which do not restrict access for children or adults with disabilities
